ROUTE CHANGES IN STATE LISTED

New Markers for Motorists Not Expected Before the End of May

By ELMER P. THOMPSON

Many changes have been made in numbers for this year, but in all probability the new markers will not be erected by the State Highway Department before the end of May.

At the same time many of the 1935 New York State highway maps which have been published or are about to be published will carry the new numbers. Therefore any one using the new maps should keep the following list of route changes that will not be effective until the new markers are placed by the State Highway Department.

On Route No. 3, the old route was Niagara Falls-Plattsburgh while the new route will be Crockett-Plattsburgh. Nine X which was formerly used on the Saratoga Lake loop is now located in New York City. On U. S. 8W the Ravens-Albany route via Pearl Street will be replaced by the new route via Southern Boulevard. On 44 the junction route 13-Wolcott will be Millertown-Kerkonkson. On 93 Youngtown-Peters Corner will be Youngtown-Junction Route 5.

Route number U. S. 104 is a new route covering Niagara Falls-Union Square. State Route 144, Ravens-Albany via Southern Boulevard, will be Albany-Albany via S. Pearl Street. State Route 162, Palermo-Hastings will be Constantia-Junction of Route U. S. 11.
